

## 6 Reasons Why You Should Use Social Bookmarking

1. You can access your bookmarks from any computer.
2. Tagging helps you identify and share interest areas.
3. Widgets let you organize on the fly by posting and tagging from your browser window.
4. You can share what you've found without sending an email.
5. To discover new sources of information quickly
6. To keep the content on your blog or website fresh
